

1. Prima Dental is a world leader in the design, manufacture and supply of rotary dental burs, steel and diamond rotary dental burs, carbide and steel milling tools designed and engineered for the digital dentistry industry. Prima Dental produces 30 million burs a year for distribution to a worldwide network of trade customers, suppliers and distributors in over 90 countries. Prima Dental consists of 2 manufacturing sites and a warehousing, packaging despatch located on Stephenson drive, Waterwells Business Park, Gloucester, GL2 2HA and Brunel Court situated off Stephenson drive.
2. Overall responsibility for all environmental matters at Prima Dental Manufacturing Ltd is vested in me by virtue of my appointment as Managing Director.
3. Prima Dental Manufacturing Ltd, having consideration for relevant legal, technical and environmental requirements is committed to the following principles:
 - a. Operate a safe and secure work environment.
 - b. Prevent pollution and reduce impact of our activities on the environment through our procedures and management programmes
 - c. Ensure compliance with implementation and maintenance of ISO14001:2015, applicable environmental legislation and other requirements.
 - d. Identify environmental aspects, hazards and risks associated with the existing or new projects, expansions and unplanned changes in a strategic manner.
 - e. Evaluate significance of identified aspects, hazards and risks and implement necessary controls to prevent damage to assets or the environment.
 - f. Measure, audit and continually improve our environmental performance by setting objectives and targets.
 - g. Ensure that all employees, contractors and visitors understand and comply with all relevant statutory legislation, environmental requirements and procedures as it applies to them and their work activity.
 - h. Provide information on environmental performance to interested parties. The HSE Manager will supply this upon receipt of written requests.
 - i. Investigate root cause and implement interim and permanent corrective/preventative actions, in the case of non-conformance.
 - j. The objectives and targets, set on an annual basis will take in to consideration legal and other requirements, significant environmental aspects and they will consider both technical and financial options.
4. This policy will be communicated to all employees of Prima Dental Manufacturing Limited and it is the responsibility of the HSE Manager to ensure that it is understood and implemented at all levels within the organisation. Implementation of this policy statement will ensure that everyone understands the strategic plan and the contribution (collectively and individual) required of them to protect the environment.
5. This policy statement will be reviewed to either confirm or amend at least annually and following significant changes, to ensure that it stays consistent with the requirements.

Alun Jones: 

Date: 15/9/21

Managing Director
